Vision Zero @ Beacon St.

SS4All pilot project in the design phase.

This project seeks to limit high-speed cut-through traffic with traffic calming treatments and proven pedestrian enhancements

DESIGN YOUR OWN WALKING PATH

As part of Auburn's Age Friendly Initiative, we have created a proposed dashboard helps commuters find new pedestrian paths using a web map. It provides an overview of Auburn's routes, including age-friendly options, allowing users to plan and enjoy safe, scenic walks.
