

MOR-EV

Massachusetts Offers Rebates
for Electric Vehicles

MOR-EV is dedicated to making electric vehicles more affordable to help achieve clean transportation goals, reduce greenhouse gas emissions, and provide more equitable access to EVs.

Note: MOR-EV only provides rebates for purchases and leases of zero emission vehicles (ZEVs) that have no tailpipe emissions, e.g., battery electric or fuel cell electric vehicles.

MOR-EV Rebates and Rebate Adders	Rebate Amount	Eligible Applicants	Eligible Vehicles	Vehicle Sales Price Cap (determined as total MSRP)	Rebate Available at Participating Dealerships	Rebate Available Post-Purchase or Lease
